

## SuperClubs Covid-19 Update

### Ways that we are ensuring COVID Secure Clubs Venues

- 1. Sign-In and Out Periods & Reducing Contact:** When signing your child/children in or out of SuperClubs we will ask that you remain outside of the building. The Clubs Manager will be responsible for signing on the parent/guardians behalf. If you do need to enter the building for any reason, we kindly ask you to discuss this with the Manager.
- 2. Reduced Capacities**  
To ensure we are keeping the children and our staff as safe as possible, there will be slightly reduced capacities for some of the time slots. We have made this decision as we are aware that depending on the weather, there will be certain days where the children will need to remain inside and therefore we need to ensure we have planned for this in advance
- 3. Booking in advance:** SuperCamps is proud to offer great flexibility for parents, however during these limiting times we will close bookings on the ***Friday preceding the next club week***. This is so that we can formulate consistent registers and staffing for group bubbles. ***We apologise that until further notice you will not be able to book on the day and children who are not booked in will not be able to attend.***
- 4. Maintaining consistent Group Bubbles:** Children will be allocated into a integrated year group bubble for the week. This decision has been made in line with current guidance for after-school sessions. We will be keeping these bubbles separate through the use of rotas and accessing different areas of our clubs facilities as much as possible. Interaction and sharing of spaces will be kept to a minimum.
- 5. Serving of Food**  
During breakfast children will be seated a suitable distance away from the other bubble or will be allocated a different room to eat in. For Afternoon meals, we will also follow this pattern however depending on the venue, we will also look to stagger meal times slightly. Enhanced hygiene protocol will be in place as usual.
- 6. Activities:** At SuperClubs we offer an extensive range of activities for the children to enjoy. Where possible we will continue to offer these activities, however there may be some activities that we are unable to offer for the time being.
- 7. Enhanced cleaning measures:** Each of our Managers and Playworkers will carry a cleaning kit, with staff members ensuring that surfaces and touch points are regularly disinfected. Students will be expected to wash their hands more often, particularly after every activity, and hand sanitiser will be provided throughout. SuperCamps will also liaise with our fantastic host partner schools to ensure additional enhanced daily cleaning of facilities including toilets and washrooms.
- 8. If a child feels unwell at clubs:** Any child who becomes ill with symptoms which could be Covid-19 during their time at clubs will be taken to a secure area of camp and isolated away from other children. Their temperature will be checked again, and the parent/guardian will be called to come and collect immediately from camp. If the child becomes seriously ill, we will call 999. The isolation area will then be fully sanitised and cleaned after each use. If a child or

member of staff has suspected symptoms of Covid-19, they will be sent home and must follow the Government guidance for households with possible Covid-19 infection. This includes self-isolation and taking a Covid-19 test. See:

<https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-households-with-possible-coronavirus-covid-19-infection>

The Manager will inform our Head Office team of any children who are sent home due to displaying symptoms of Covid-19. Clubs will continue to operate as normal, unless or until advised otherwise by the local Health Protection Team, but parents/guardians, staff and the school will be informed, especially those in high risk groups. If children or staff experience any symptoms of Covid-19 they must not attend Clubs until all symptoms have passed and they feel well or they have a negative test result (if tested).
